Description

Dromex® MIIZU300HI and MIIZU300BLU gloves are mechanical, seamless polyester lined gloves with a PU (Polyurethane) and nitrile water based micro foam finish on the palm, that is designed for general handling, electronic, computer and automotive assembly, truck, forklift and crane driving and small parts handling. The water based polyurethane glove coating provides users with enhanced comfort and dexterity whilst providing an excellent grip, liquid repellency and mechanical resistance.

MIIZU300HI glove textile features a high visibility yellow liner for enhanced visibility.

Special Instructions

Although the manufacturer has examined these gloves under the system for ensuring quality of production by means of monitoring and inspection, we recommend that all gloves should be thoroughly inspected before use to ensure no damage is present.

None of the materials or processes used in the manufacture of these products are known to be harmful to the wearer. The gloves and information contained herein are designed to accommodate the basic safety requirements and standards for Personal Protective Equipment. Actual conditions of use cannot be directly simulated in a test environment, therefore it is the responsibility of the user and not the manufacturer or supplier to determine the suitability for intended use.

Compliance & Conformity

Complies with the requirements of CE type examinations EN 420 for innocuousness and EN 388 for compliance with directive 89/686/EEC Mechanical Risks (3,1,3,1). Quality System conforms to ISO 9001:2008 and environmental management system ISO 14001:2015 system certificates or acceptable equivalent.

Specifications

Style: Seamless palm dipped gloves available in blue (code: MIIZU300BLU) or hi visibility-yellow (code: MIIZU300HI)

Liner: Polyester

Palm: PU and nitrile coated on liner 1.1mm ± 5%

Back: 0.9mm ± 5%

Cuff: Polyester

Mass: ±55 g per pair (size 11)

Packaging, Storage & Obsolescence

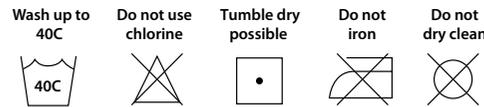

Packed in individual bags and sold as 120 pairs per carton for shipping. Store in a cool, dry, dark place. Stored correctly, the gloves physical properties will not change for up to three years.

Cleaning & Maintenance

Gloves should not be left in a contaminated condition if re-use is intended especially if potential hazards exist. Before removal from the hands excess contaminant should first be removed from the glove. Should this not be possible, it is advisable to ease left and right hand gloves off using the gloved hand and remove the gloves without the contaminant contacting the bare hands.

The gloves may then be decontaminated as indicated below:

We recommend that no bleaching or oxidising ingredients or any fabric softeners be used. Recommended washing temperature is up to 40°C with mild detergents. The drying process may cause felting on the fabric surface. Drying temperature should not exceed 70°C (158°F).

There is no remarkable impact on cut resistance during the normal life cycle of a glove. Depending on glove construction, staining and cleaning method, the differences in shrinkage, yarn strength and colour may occur.

In order to maximise the glove life cycle, we recommend the mildest possible cleaning conditions in terms of temperature, chemicals and cycle duration.

Disposal

All industrial waste should be disposed of correctly according to local regulations and good disposal practice. Gloves should be disposed of considering the hazardous substances they were used for. Please consider recycling.

Sizes Available

6-11

Code	Size	Palm Length	Cuff Colour
MIIZU300HI-6	XXS	85mm (±2mm)	Purple
MIIZU300BLU-7 / MIIZU300HI-7	XS/S	93mm (±2mm)	Red
MIIZU300BLU-8 / MIIZU300HI-8	S/M	99mm (±2mm)	Yellow
MIIZU300BLU-9 / MIIZU300HI-9	M/L	107mm (±2mm)	Brown
MIIZU300BLU-10 / MIIZU300HI-10	L/XL	112mm (±2mm)	Black
MIIZU300BLU-11 / MIIZU300HI-11	XL/XXL	115mm (±2mm)	Light Blue

* As per the EN420 standard, actual measurement of gloves are determined by the manufacturer, taking into account the behaviour of the glove material, its thickness (such as leather gloves, PVC gloves etc), elasticity and the intended use.

* Sizing charts only serve as a guide. Sizes and measurements are for reference only. In order to make an informed decision, always try on the gloves as each glove features a unique construction to accommodate a wearer's preferences.
