REFLECTIVE SAFETY WEAR GEAR  
SA19 – DAY GLOW LIME OR ORANGE SAFETY BIBS

SA19-L

## Description

Dromex® SA19 high visibility reflective safety wear, worn over the torso is intended to provide conspicuity of the wearer in any light condition when viewed by operators of vehicles or other mechanized equipment during daylight conditions and under illumination of headlights in the dark.

Occupational wearers of clothing with high visibility features, include railway and highway workers, airport workers, emergency services or where workers are near moving vehicles or in dark areas.

Reflective safety wear is not intended as a workwear garment.

## Specifications

Style: High visibility bib with side tie ups and reflective tape.  
Materials: Polyester fluorescent lime open weave fabric with black polyester binding.  
Colours: Available in fluorescent green.  
Fasteners: Polyester.  
Reflective tape: 20mm Retro - reflective silver glass beads.

## Packaging, Storage & Obsolescence

Dromex® SA19 reflective wear is packed in individual plastic bags with 200 units per carton.

When not in use or during transportation, the reflective wear should be stored in a container such that it is out of direct sunlight and not in contact with any chemicals, liquids or sharp objects.

Store in a cool dry place.

The reflective wear useful life is affected by many factors including the cold, heat, chemicals, sunlight and misuse.

Stored correctly, vest should have a shelf life of 3 years.

## Sizes Available

Free size.

## Cleaning & Maintenance

## Disposal

All industrial waste should be disposed of correctly according to local regulations and good disposal practice. Reflective safety wear should be disposed of considering the hazardous substances they were used for. Please consider recycling.
