DROMEX

EC Directive 89/686/EEC

EC Type-examination

Issue 1

PPE Product

Dromex (logo) Promax, Limited life protective coverall with elasticated hood, ankles, waist & wrists, constructed from 65gsm white microporous spunbond-polyethylene-laminate fabric with bound seams, which is available in six nominal sizes, plus custom sizes to order.

It is certified that the manufacturer's technical file and the above mentioned PPE have been assessed and found to be in accordance with the requirements of Council Directive 89/686/EEC. When examined the PPE satisfied the requirements in the relevant harmonized standards:

EN ISO 13982-1:2004 + A1:2010 (Type 5: Limited life, full body chemical protective clothing protection against airborne solid particulates);

EN 13034:2005 + A1:2009 (Type 6: Limited life, full body chemical protective clothing offering limited protective performance against liquid chemicals).

EN 1149-5:2008 (Protective clothing - Electrostatic properties) for electrostatic dissipative protective clothing with a surface resistance of $\leq 2.5 \times 10^9 \Omega$ on both surfaces of the fabric

The manufacturer's information notice (Dromex Promax Coverall Instruction for user), in English, has been inspected and found to have addressed all of the relevant requirements of the standards. However, the detailed content of the information notice is the responsibility of the manufacturer, as are translations into other languages.

This certificate is issued on the strict condition that appropriate checks on manufactured PPE, as detailed in Article 11 of the Directive are implemented and maintained while the model is in production.

Certification is based on technical file: CE\PPE-2014-02(A)with supplement
