

Tychem® 6000 F

Trusted protection against a broad range of chemicals and biohazards

Self-adhesive chin and zipper flap

Also available with socks

Thumb loops

Benefits

- Protection against numerous toxic industrial organic chemicals, highly concentrated inorganic chemicals and biohazards. Chemical permeation data available for more than 250 chemicals
- Protective seams, stitched and over-taped with barrier-tape, providing barrier performance equal to that of the fabric
- Double self-adhesive zipper flap offers high level of protection
- Option: Socks attached to the ankle: to be worn inside safety boots or shoes with additional knee-length boot flap to ensure a high protection level

Features

Hooded coverall. Elasticated face, wrists, waist and ankles for an optimal fit, thumb loops prevent sleeves from riding up. Self-adhesive chin flap for tight seal of suit to face-masks.

Applications

Tychem® 6000 F is used for a broad range of applications from chemical spill clean-up, emergency response and petrochemical applications.

* Does not protect against ionizing radiation.
