

# BASALT 7142

## Safety Boot

Sex	Sizes	Colour
Male	4-14	Black

### RECOMMENDED ENVIRONMENT:

This boot has been engineered to offer protection in applications of extreme conditions ranging from fluctuating heat and exposure and acids, oils and chemicals to wet environments and highly abrasive terrains

#### UPPER:

- 2.2mm Full Grain Chromo Bovine Leather upper
- Engineered with pull straps and elastic side gussets for ease of entering and exiting the boot

#### LINING:

- The quarter lining is from an industrial quality Dri-Lex type polyknitted material for abrasion resistance
- The vamp lining is from a hi-tech needle fibre blend with excellent perspiration absorbency and treated with *\*Ultra-Fresh* to impart hygienic and anti-bacterial properties to the material

#### IN-SOCK & TOP SOCK:

- The anti-static in-sock is from elastomeric bonded cellulosic board
- The anti-static top sock is from anatomically moulded Polyurethane with superior climate control properties for fast-acting moisture absorption
- The top sock has been treated with *\*Ultra-Fresh* to impart hygienic and anti-bacterial properties to the material

#### SOLE:

- The sole is from a Dual Compound Closed Cell Rubber
- The midsole is from a low density flexible rubber with a shore hardness of 0.40mm - 0.45mm
- The outer sole is from 6mm rubber
- The sole offers 100% waterproofing
- The boot can withstand temperatures up to 300°C radiant and direct heat
- The boot is anti-static

#### TOE CAP:

- Steel - extra-wide fitting

This product is manufactured in South Africa by BBF Safety Group (Pty) Ltd. in an ISO 9001 accredited factory.
