

WILDFIRE® SERIES FIRE HELMET

The leader in wildland firefighting.

Now available in Dove Grey by popular demand.

DESCRIPTION

Wildfire® Series fire helmets are designed Bullard Tough for extreme conditions of wildland firefighting. The tough shell, lightweight and compact design are the industry standard for wildland firefighters. Now, with an even more comfortable suspension and an extra-large full-brim shell.

MAIN BENEFITS

TOUGH AND DURABLE

The shell of the Wildfire helmet is made of high-heat thermoplastic. This thermoplastic provides unparalleled impact and penetration resistance in wildfire conditions. Several styles of Nomex® ear and neck protectors are available for increased protection.

NFPA APPROVED

Wildfire helmets exceed the NFPA 1977, Standard on Protective Clothing and Equipment for Wildland Fire Fighting. Bullard Wildfire models also exceed all major state fire codes for wildland firefighting.

VERSATILE

Wildfire helmets are available in cap and full-brim hat styles. Standard features include goggle retainer clips for securing eye protection and Scotchlite® reflective stripes for increasing wearer visibility.

SUPERIOR COMFORT AND FIT

Wildfire helmets are designed for exceptional balance, comfort, and stability. Now with a more comfortable suspension, the helmet offers wearers:

- Secure suspension attachments;
- Simple headband adjustments for a custom fit;
- Seamless suspension straps;
- Larger replaceable pillowed brow pad; and
- Leather ratchet cover.

Easy-install suspension keys allow the suspension to lock into the shell with an audible click. Vertical height adjustments can be easily changed for a custom fit, and the floating headband offers a comfort fit for all shapes and sizes. For added comfort, the replaceable, extra-large pillowed brow pad offers generous padding.

WILDFIRE® SERIES FIRE HELMET CONTINUED

WILDFIRE COLOURS AVAILABLE

NOTE: FH911XL only available in red, white, and yellow.

TECHNICAL SPECIFICATIONS

Dimension

- Hat 317.5mm L x 273mm W x 168mm H
- XL Hat 336.5mm L x 279mm W x 168mm H

Suspension:

6-Point Nylon Crown Strap

Warranty:

Two years from date of manufacture, all components

Weight:

Hat 567g; XL Hat 624g

Outer Shell Material:

Thermoplastic

- 1 High-heat thermoplastic outer shell**
A specially formulated advanced colour-through thermoplastic shell with the ultimate in impact and penetration resistance.
- 2 6-point FRS6PC (pinlock) or FRS6RC (ratchet) suspension**
Both have a cotton brow pad and vertical adjustment capabilities for optimal comfort and fit.
- 3 Goggle clips**
Keep your goggles in place; no slipping or sliding on the helmet.
- 4 Scotchlite reflective markings**
Highest quality reflective material available; retains reflectivity to 260°C. No burning, cracking or peeling.
- 5 Underbrim anti-glare strip**
Increases the wearer's ability for clear, unobstructed vision free of light glare.
- 6 Leather ratchet cover**
(on ratchet models)
Durable and comfortable leather ratchet cover is replaceable in case of damage.
- 7 Chinstrap**
Nomex® material with Postman's slide fastener.
